

## Pr. Wm. Humane Society Adoption Procedures:

Prince William Humane Society takes pride on helping to make the perfect match when it comes to you and your new furry family member. We have a trained team of adoption counselors in both staff and volunteers who meet with potential adopters to provide 1:1 counseling to discuss your life style and the personality characteristics, size and activity level of the pet you are interested in adopting. Topics may include adopters work schedule, plans for supervision and training, home type, leisure preferences and other pets in the home. If other pets are involved, we will request that you bring those pets to the Adopt Shop for a proper introduction and compatibility determination. This counseling discussion helps to ensure your next pet is a good fit in terms of breed, size, behavior and compatibility. PWHS adoption counselors will also review a chart for approximate cost of care for the pet you are considering.

### P.W. Humane Society Adoption Fee Schedule:

All pets available for adoption at P.W. Humane Society Adopt Shop have been examined by a Veterinarian, received all their vaccinations (depending on age for puppies and kittens), been spayed or neutered, microchipped, de-wormed, had flea/tick applications and had a behavioral assessment done prior to being offered for adoption. The average cost of these services is over \$300 for adults and \$400 for puppies and kittens. PWHS adoption fees for our adorable adoptables are:
